

Music and Speech Departments Present Weill's 'Down in the Valley'

These Men Look With Pleasure at New Quad Improvements

Jerry Holt and Kenny Hogan nod their approval at one of the many fine improvements constructed in each room of the quadrangles, the dormitories for men. Improvements include new cabinets, well-finished set-in desk, a large wardrobe, and numerous shelves.

Operatic Drama Is Ultra-Modern Show

Entertainment Program Is Made Up of Dramatics, Singing, Dancing.

Robert Tebow Has Lead

Story Is of Girl Whose Love Is Thwarted by Father; Tragedy Comes With Disobedience.

By DR. FRANK W. GRUBE
Collaborating in an ultra-modern entertainment that "has everything"—choral and solo singing, dramatics, dancing, and orchestral music, plus the latest in stage effects—the music and speech departments are presenting Kurt Weill's "Down in the Valley" under the direction of Dr. Paul McNutt and Mr. Robert Gee at the assembly program this morning at 10 o'clock and again tonight at 8:15 o'clock.

The musical drama is one of the last works of Kurt Weill, German composer who was attracted by the jazz rhythm of American music, and who came to this country after the advent of Hitler. Many critics consider him one of the most significant of modern composers, especially of those working in the field of drama.

Martin Is Narrator

Lyle Martin, baritone, acting as narrator, guides the audience through the growing involvement of the plot, in which Bob Tebow, baritone, in the part of Brack Weaver, carries the lead. Brack, a young swain of the hill country, is in love with Jennie Parsons, belle of the valley. Jennie's part is being sung by Elaine Hunt in the morning's performance, and by Bonnie Polk tonight.

Jennie returns Brack's love, but her father encourages her to go out with the man who holds the mortgage on the Parson's farm. This young man, Thomas Bouche, is played by Dean Phillips, bass. Jennie disobeys her father to keep a date with Brack, and tragedy results.

Other parts in the play are a jail guard, played by Bob Lister; a prisoner named Peters, played by Dean Knodle; Jennie's father, sternly represented by John Pope; two women, Diane Dressler and Pat Burton; and two men, J. B. Wilson and Orville Lippold.

"Meetin' House" Scene Is Good
One stand-out scene is at the "meetin' house." The preacher's part is sung by Charles Watson, baritone. Throughout the scene, as well as the entire play, the chorus participates. Another vivid scene is at the dance, when a group of dancers take over for a time, just before the climax of the play, the killing.

A remarkable performance and one that will make history among the artistic presentations of the College, the musical drama required intensive preparation before it was ready to view. Chorus, orchestra, singing, and speaking parts, and dancing had to be blended harmoniously to bring about the startling and picturesque opera that is now being performed.

Chorus Members
Members of the chorus are as follows: soprano, Margaret Andrews, Lila Bauer, Maxine DeShon, Anita Fink, Virginia Fuhrman, Elaine Hunt, Mary Jezek, Rose Laihart, Bonnie Polk, Kay Sawyer, Peggy Spies; altos, Wanda Dearmont, Diane Dressler, Gloria Gills, Marilyn Gruber, Charlene Jones, Patricia McClaren, Mary Marie Schulte, Shirley Wiles, Rita Zimmerman; tenor, Patricia Burton, Paul Carrel, John Ferrel, Curt Gaffney, Orville Lippold, Bennie Wiegand, J. B. Wilson; bass, James Alsbury, Jack Burks, Richard Jenkins, Dean Knodle, Dee Lippincott, James Montgomery, Nolan Thompson, Charles Watson, Wilbur Wright, Charlene Welsh, Lois Simmons, Ricardo Lopez.

Orchestra
The orchestra is made up as follows: violins, Franklin Mitchell, William Brandenburg, Joe Curry, Mattie Dykes, Helen McDonald, Mary Putnam, Deloyce Herrington, cellos, Mrs. Frank Bouska, Donald Sanford; string bass, Allen Spies; piano, Mrs. Donald Sanford; clarinets, John Smay, Warren Brown; bass, clarinet, Clarence Godby; flutes, Elaine Danielson, Joan Kowitz; saxophones, Sue McCoplin, John Wallace; trumpets, Al Edlund, Maurice Pontius; French horns, Bill Baker, Jack Moore; trombones, Stan Summers, Ted Shaw; percussion, Carroll Wilkerson, Harold Tarpley.

Dance Group
In the dance group are Dor Smith, Colleen Ammens, Ruth Terry, Rosalea Elvins, Harley Hackett, Sue Condon, Robert Lister, Mr. Robert Gee.

Improvements of Men's New Quadrangle Continue

Since the beginning of the fall quarter there has been a continued extensive improvement program at the Men's Quadrangle.

Building renovations have greatly improved living conditions. One of the most welcome constructions is that of new lockers in each room. Previously, limited space was allotted for clothing in old steel lockers; the permanent wooden lockers provide ample space for each individual.

The new constructions are arranged for two men in each room. Each man has one large wardrobe, five drawers, and three or four other shelves for various uses.

Depending upon the size and location of the room, some have desks built between separated lockers. These desks have a highly fine finish and fit snugly against the wall with the sides of the lockers enclosing them on three sides.

Another improvement includes a new stairway to the second floor plus a more elaborate side wall. Men at the quadrangle have expressed a great deal of satisfaction for the whole renovating program.

"Success Is Hard Work," Says Tennis Champion

"Success is made of hard work, leaving little time to waste on self pity," advised Alice Marble, renowned tennis champion, in an assembly December 6. Miss Marble added further that we are lucky if we learn early in life that luck is what we make it.

ALICE MARBLE

As rules for good living she stressed the importance of good food, proper exercise, and eight hours of sleep a day. Miss Marble emphasized the necessity of restful sleep for banishing worry and tension from daily life.

"Early habits," she added, "are our greatest assets, or our greatest liabilities." The art of living is just being at home in life, and good habits are the basis for making living easier.

A question and answer period followed the lecture.

In the afternoon a tennis clinic was conducted by Miss Marble in the main gymnasium. She demonstrated the basic fundamentals of good tennis.

Traditional Christmas Ball Is Saturday Night Entertainment

By ALYCE WHITLATCH

Ask any NWMSC college student the thing that he dreams about during the weeks preceding the Christmas holidays. A great variety of answers will be received. Many are dreaming of the Christmas tree loaded with presents in the living room at home. Others, the gourmet in particular, can already smell the goose or turkey roasting in the oven and can taste the spicy pumpkin pie. Some of the more realistic ones are thinking of replacing textbooks with carol and hymn books.

Then you ask, "But what about your social calendar?" Suddenly the student's eyes light up like Rudolph's nose. How could he have forgotten! Why, it was only yesterday that he enrolled December 16 with a red pencil! The great event is the Christmas Ball, of course. To all upper classmen the Ball is a traditional event, occurring the last Saturday night before Christmas vacation.

Prepare for Event
In anticipation of the gala holiday, girls have hung their "partiest" forms in their closets, or are perhaps investigating the shops for new ones. Much later, some boys will realize that their best suits should have been sent to the cleaner.

The main topic of girls' conversation is "Have you a date to the Christmas Ball?" Or, overheard in the Smoker, "Are you inviting that cute freshman girl in whom you're so interested?" Telephones are more busy than usual, and girls' ears are more acute than at any other time.

Will Decorate Ballroom
However, the members of the Student Social Committee know that the dance isn't all dreaming and no working. It is the duty of the Committee to make and execute plans in order that the main gym will be at its most beautiful holiday best. Music as "sweet as a Christmas angel" will be provided by Bryce Pulley and his orchestra. Mr. Pulley will match the mood of College students with the music of his popular group. The "ballroom" will be decorated in red and silver, with a colorfully lighted tree as the center of attraction.

Members of this year's Committee planning the dance are the following: Bob Guthland, orchestra; Jane Costello, invitations; Jim Hill, decoration; Marjorie Elam, refreshments; Terry Noah, tickets; Joyce Smith, programs; and Hershel Neil, chaplains. This body, appointed by the Student Senate, is sponsored by Miss Martha Locke, dean of women.

Only three more days until the sixteenth... see you there!

College Enrollment Is Eight Hundred Twelve

Official records show that College enrollment at the present time is 812. Northwest Missouri State has 486 men and 326 women enrolled for the winter quarter as compared to an 859 enrollment in the fall session.

A decrease is expected in the transition between quarters. This is due to several factors. Eight students completed their degree requirements during last quarter, and twenty others dropped out for various reasons. Selective service has also drafted many students away from the campus.

New Committee Will Sponsor Temporary Union

A temporary Student Union committee has suggested that a television set be bought for the Bearcat Den. Headed by Max Kinney, student president, and assisted by Wilbur Wright, Dorothy Noelsch, Jim Montague, Betty Curry, and Herb Awe, the committee met in an effort to create a more interesting Student Union for the students who are on the campus over the week ends.

The problem centered about the inability of the present system to incite much attendance. A television set would be the most significant thing in drawing more attention and student interest to the temporary Student Union.

Other suggestions offered the members of the committee were also discussed. One of the most promising was the beginning of a canasta tournament, a progressive contest open to anyone who wishes to participate.

The committee also concluded that a coke machine would be a definite incentive for student attendance. Unanimous agreement dissolved the precedence of having individual organizations sponsor the temporary Student Union. This abolishment would be replaced by a new committee set-up by the Student Senate, a committee with a tentative number of five.

Dr. Jones Gets Large Pine Cones From Oregon

Two Sugar Pine cones which are exhibited now in the office of President J. W. Jones have traveled approximately 1600 miles.

Unusual in this part of the United States because of their size, the cones are 15 inches in length and 3 1/2 inches wide at the largest point. Sugar Pine, known to the students of botany as Pinus Lambertiana, is the largest American pine. Usually the tree attains a height of 175 to 200 feet and is 3 to 5 feet in diameter.

Natives of the western slopes of the Sierra mountains these pine cones came from Oregon. They were brought to Maryville by Miss Anne Arnold, a member of the English department.

Freshmen Elect Officers; Each Class Votes for One Senator

Student elections, Friday, December 8, for class senators, were participated in by 413 students. Voting on additional candidates running for class offices were 144 freshmen.

In each of the senatorial races for the Student Senate there was a run-off election, which, according to stipulations in the Handbook, were held within two school days following the first election. Final elections were thus held yesterday, December 12.

More than 50 per cent of the student body voted Friday, with a breakdown showing the freshmen to be highest with 57.6 per cent, sophomores next with 50 per cent, juniors below par with 48.6 per cent and the seniors weighing the average down with only 43 per cent.

Lyle and Knodle Compete
Seniors put Kurby Lyle and Dean Knodle into competition with 35 to 27 votes, respectively. Kurby is a Sig Tau; Dean is a Phi Sig. Wilma Watkins and Mary Lee Botkin received the remainder of the 86 votes.

Just 68 juniors asked for ballots which tallied up to put Terry Noah and Dick Gordon in the run-off race. Terry missed a simple majority by 2 votes, having 33 counters. Dick Gordon had 20 votes; Jo Ann Cutler, 15. Terry is a Phi Sig; Dick is an Independent.

Exactly one-half of the sophomore class voted to give 43 votes to Mary Jane Peck, Tri-Sig, and 36 to Mary Ellen Daniels, Delta Sig. Gene Huston, an Independent, ran a close third with 35 votes, but was disqualified since regulations stipulate that the top two shall be selected as candidates if a run-off election is necessary.

Kowitz Is President
Charlene Jones, a Tri-Sig, who captured 58 freshmen votes for senator was in the run-offs with Roberta Steele, an Independent, who ran close behind with 55 votes. Carol Roberts, a Delta, had 23 votes.

Joan Kowitz, an Independent, was elected president of the freshman class by an overwhelming majority. Joan received 81 votes to Delta Sig Barbee Pearson's 34 votes. There were 26 write-in votes for Dean Stuck and Jim Laurin.

Marilyn Gruber easily won the vice presidency over Treva Thompson, Marilyn, a Tri-Sig, had 105 votes to Treva's 34. Beatrice Straight, an Independent, was selected secretary in a contest with Roberta Cronkrite, Independent. Beatrice had 86 votes; Roberta had 55.

Maxine DeShon, a Tri-Sig, barely edged out Alan Garrison for the treasurer's spot. Maxine received 72 counters, and Independent Alan collected 71. In the contest for executive committee of the freshman class, Jerry O'Dell and Wallace Croy were elected with 82 and 77 votes, respectively. Louise Wintermute ran close behind with 74.

NEEDED—MORE CHEER

Everyone at Northwest Missouri State College must admit that much was to be desired in the line of school spirit during the football season. The cheers of enthusiasm and encouragement were too half-hearted.

During the basketball season a more united effort in cheering should be promoted by the student body. Too much emphasis is placed upon the fact that the Barkatze and Green and White Peppers are clubs for cheering and, therefore, should have full responsibility for the yells heard during the game. To be sure, these clubs are important, but more important is the effort of the student body as a whole.

Everyone knows that encouragement makes any job easier and just a little more worthwhile. Whether there will be encouragement for the players on the basketball court or just a mild interest is up to you. Will the conditions of the cheering of the football games exist during the basketball season? Only time and you, the student, can supply the answer.

—Thelma Ann Buckley

TRAITS I LOOK FOR

An interesting and good time at College this year may be indirectly the result of your roommate. Probably one never questions or takes time to check on what his "roomie" is like fundamentally. In selecting a fellow student (sometimes one does not have a choice) there are definite qualities that I look for.

The fact that a roommate may be a brain in French grammar or may own a sleek convertible should be valued secondarily. Although a good time must not be overlooked, other traits such as sincerity, reliability, and initiative are primary factors to be considered.

Understanding my own ways is difficult at times; therefore I appreciate a person who can cope with individual differences, and still remain a friend for today as well as a friend years later.

—Jim Hill

THIS ABOVE ALL

How did you rate in that last test? Was your grade "E" or "U"? How did you get that grade? Did you play it "square" or did you cheat?

I am an ardent believer in the "honor system." After all, what do you gain by a whispered answer or prepared note?

Five years from today it won't matter to the teacher or your classmates whether or not you cheated, but it will matter to you. How would you feel if you were a surgeon who cheated his way through medical school? How would you feel if you were the patient?

A teacher shouldn't have to go to the auditorium for tests, or space you every other seat. Trust yourself, play it "square." This above all.

—Suzanne Lobdell

WANTED—ESCALATORS

Escalators installed from the first floor to the fourth floor would do much to lift the general morale of the students as well as that of their teachers. Tired feet, weary faces, and unpleasant voices are the result of one thing—no lift.

The excitement and the thrill of a new day are gone after plodding from the first floor to the second or third, loaded with books and assignments throughout the day. Whereas, to step from an escalator from one classroom to another would be just a little less than a pleasant car ride between classes.

Student Senators Attend Convention

Subcommissions Discuss Methods for Solving Common Problems.

By JO MAGNUSON
Editor's Note: This article is the first of a series written by Senate members who attended the National Student Association meeting in Kansas City, November 17.
Several members of the Student Senate attended the Missouri-Kansas regional convention of the National Student Association held in Kansas City, November 18.

Northwest Missouri State College is not yet a member of the National Student Association, but students were allowed to observe several meetings of the subcommissions which were composed of representatives from various colleges and universities. These subcommissions discussed some of the particular problems common to all the schools and how to work out definite solutions. One of the subcommissions discussed the problem of teachers' evaluation. They arrived at the following plan:

- I. Aim.
 - A. Further educational advancement.
 - B. Student evaluation of teachers.
 - II. Teachers evaluation questionnaires.
 - A. Compulsory for all teachers.
 - B. All students fill them out anonymously.
 1. Freshmen in Freshmen Orientation would be told of their importance.
 2. All students would be given an evaluation sheet at end of course.
 - C. Student evaluation attached to back of teacher's evaluation.
 - III. Establish a student-faculty council.
 - A. Equal representation of student and faculty members.
 1. Student members are to be people chosen from the Student Senate.
 2. Faculty members appointed by the administration.
 - B. Duties.
 1. Tally the questionnaire for each teacher.
 2. Eliminate irrelevant answers.
 3. Compare this year's evaluations with past year's evaluations which are on file.
 4. Submit the evaluations to department head.
 - a. Department head would confer with the teachers.
 - b. Checks with the progress of the teacher.
 5. Submit the evaluations to the administration with recommendation.
- This committee is open to any suggestion of complaint from any student or faculty member. The Student Senate would welcome any student or faculty comments on the shortcomings of this plan.

Dear Mom

Dear Mom,
It's funny what vacations can do. Your girl friend comes back engaged—to some other fellow at home; your grades incite family lectures; your adaptiveness to leisure is something you can't shrug off to maintain any continual study; and the teachers come back with a rugged study plan. And the army sends out recruits!

My roommate, bless his black little heart, came back from vacation: more devilish than ever. You know, my roommate is one of the best reasons I know of for birth control.

But now to get to a more important subject. Women, Yes, Mom, women are ruining my life; none of them will go out with me. I hate to bring my roommate back into the discussion, but for being vacuum-headed he certainly has a way with women.

Girls don't often win an argument with him. Last night he asked a girl to go to the Christmas Ball. She replied with an absolute no. He still insisted, so she pointedly explained that she was definitely and absolutely giving him the brush. To which he retorted: "Now that you've given me the brush, what do you say we go out and paint the town red?"

And incidentally, thanks for the brush, but there's nothing wrong with my hair as long as it stays in its place.

Sometimes I sort of wonder whether education is worth all the bother. I'd even like to take up an occupation and go somewhere like a dentistry school. After all, a dentist is about the only guy who can safely tell a woman when to open and close her mouth.

And the nostalgia of my childhood days makes me want to be a fireman. We have a small fire department here; I guess that's because all the firemen are little squirts. Or I might even be a wine taster. Who knows what one can do with a B. S. degree?

So long for now, Mom, I'll see you in a week. That doesn't seem too long, but to me Christmas vacation seems as far away as the identification of "The Thing."

All my love,
Junior.

P. S. Don't take that song, "All I want for Christmas is My Two Front Teeth," too seriously. It doesn't apply to me; I hear it was written for a girl on the campus from Illinois.

I'm Dreaming of a White Christmas

Northwest Missouri State looks this way when it's 10 below zero. The snow makes a beautiful white blanket over the spacious campus, and despite freezing northern winds, is appealing. In the background is the Administration building.

Betty Curry, Delta vice president, also told many interesting experiences to the group about her trip to San Antonio, Texas, where she attended the National Conclave of Kappa Omicron Phi. Also attending as a delegate was a Delta Sig from Psi chapter at Central Missouri State College.

ASA Pledges Surprise Actives With Breakfast

Did anyone see the pajama brigade at Jimmy Vann's at 6:30 o'clock Saturday morning, December 2?

The occasion was a surprise awakening of the actives of Alpha Sigma Alpha sorority for a very novel "Come as You Are" party given by the pledges.

After a pleasing breakfast menu, a "Sleepy Time Gal" style show, complete with music and prizes, was presented by the actives.
Paper mache dolls in beds of angel hair were table centerpieces and place cards were plastic curlers tied with red ribbon. A wide awake, distinguished procession left the party after group singing of Alpha Sig songs.

College students at Maryville gave the Musical Arts Ensemble, New York, a warm reception at the recent Wednesday assembly. The two hour program featured popular and classical music, novelties, and dancing.

W. S. S. F. Committee Outlines Program

Essay Contest Is First Feature; Big Dinner, Assembly Later.

Northwest Missouri's Student Senate has taken on a needy task. Through its planning, operation, and supervision, it will carry on a program dedicated to acquainting the College students with and collecting contributions for a World Student Service Fund, a fund which helps students in war torn countries to obtain an education.

The W. S. S. F. committee has set a high goal, one which is primarily interested in showing the students on this campus in United States the efforts of the students on the campuses in foreign lands to obtain an education. And for financial contributions the committee believes that only those who will give less who feel less fortunate in being able to receive such educational opportunities.

Movies Will Be Shown
Movies are expected to arrive for showing in the near future. This is one of the committee's aims in helping acquaint the students with the problems of students across the ocean.

Plans have already been made for an essay contest extending throughout the freshmen English classes. The title of the essay will be "Give For Our Future." Materials on the World Student Service Fund have been made available in the library. From each class the top two essays will be chosen for final decision with Bob Lister, Jane Costello, and Herbie Awe being the judges. This tribunal will then select three essays and the writers will receive prizes.

Will Feature Chinese Dinner
Other features are a Chinese style dinner, January 21, and an assembly February 21. Diana Yip is chairman of each program, and assisting her in the former are Oretta Knipmeyer and Jo Magnuson. Other foreign students from various Colleges will be instrumental speakers in the assembly.

Those working on posters are Margie Lewis, chairman, Richard Callison, Pauline Downing, Susan King, and Jessie Weddle. Dean W. A. Brandenburg is treasurer of the W. S. S. F. committee.

New Pep Songs

Through the efforts of the Pep Clubs, two new pep songs have been written. Cut these songs out, memorize them, and join in with the other students in singing them at the Rockhurst game and every game following.

Bearcat Team
(to the tune of "Johnson Rag")
Hey! Hey! Hear what we have to say.
Hey! Hey! We've really got the pep.
Hoy! Hoy! We've got the fastest boys.

Get hep, and get happy with the Bearcat team. Now if you're really in the groove and if you're on the beam, it will really make you move to watch the Maryville Bearcat team.

Hey! Hey! Hear what we have to say.
Hey! Hey! We've really got the pep.

Hoy! Hoy! We've got the fastest boys.
Get hep and get happy with the Bearcat team.

Miss Marble Is Luncheon Guest at Residence Hall

Miss Alice Marble, nationally known tennis player, was guest of honor at a luncheon held at Residence Hall, Wednesday, December 6.

Other guests were Miss Bonnie Magill, Miss Jesse Jutten, Miss Doris Hysler, Ruth Terry, Roberta Berry, Jo Magnuson, Vernelle Cox, Dr. Frank Grube, Richard Carroll, Marvin Carmichael, and John Pope. In the afternoon some of the students assisted Miss Marble at a tennis clinic.

Alumni Association Is Headed by Dr. Ray Dull

At the recent meeting of the Kansas City Alumni Association held at the Sky High Room in the Continental Hotel, November 10, Dr. Ray Dull was elected president and Betty Drennan Jackson, secretary.

The girls' sextet from the College was a part of the program presented. One hundred and fifty people, including President and Mrs. J. W. Jones and Dean and Mrs. W. A. Brandenburg, attended the meeting.

Dorothy Stanton Heads Group
The Women's Athletic Association will start its annual basketball tournament after Christmas vacation. Teams will be chosen following two practice periods. Dorothy Stanton is the basketball manager.

The Stroller

The Stroller wonders what Donna Slattery and Polly Cramer are planning. Every time Christmas is mentioned their eyes begin to shine!

More evidence of the vacation just around the corner: decorations, people shopping and talking about what they should get and for whom. The Stroller suggests that more of Ralph Flanagan's recordings of "wonderful" music would be good gifts for the bookstore.

Congratulations are in order to Mary Marie Schulte and Belle Siskels, who have recently received frat pins, and to Mary Jane Peck who has received a ring. Santa makes his rounds early for some lucky people—and then there are others!

Student teachers are rejoicing, however, because there will be only four seminars instead of the usual twelve.

Who says Sadie doesn't get her man during the famous week for men hunters (women, to you men). Just ask "Bert" Steele.

It's a long, cold walk from the Home Management House to the Ad Building, but as weeks go by the girls are getting used to it. Ask them how the meals are? And how guests are chosen!

Grace Beeks and Don Greaff won honors at the Off Campus Klub skating party. With the prize money, what?

And what's this about Roy Cheek and Lynn Leffert buying half interest in the Italian Village on the way back from the Nebraska game? Hearsay has it that it wasn't unusual to see customers walking out with the ice they didn't use, because of an investment.

The Stroller wonders whether Santa Claus, North Pole, Earth, often receives mail from the Elks Lodge, Maryville. At least some child, R2 R3 thought official stationery would help.

Miss Mattie Dykes made a trip out to Illinois a few weeks ago. The Stroller is just now finding out about her staying on the bus, sound asleep, until it had left Maryville on the return trip and was headed toward Omaha. Just think where she might have been had she been flying.

And the time is doing just that! Merry Christmas to all and to all a good rest!

Phillip Bruce's Photographic Hobby Pays His College Fees

By DWAN WICK

The tall, lanky lad you see frequently around the campus shooting pictures at various events is Phillip Bruce, a freshman from Atchison, Kansas, who is making his hobby help pay his way through college.

Phillip's interest in photography began with his membership in a camera club while he was in the ninth grade. At that time he began his picture-taking with a \$14 camera. The participation in the club included not only the picture taking, but the developing and printing of the pictures.

Takes Best Picture
One of the club projects was a contest in portrait photography. Each member took a portrait and the finished pictures were sent to John Falter, a cover artist for the Saturday Evening Post. Phillip's picture was judged the best.

This success served to heighten his interest, and throughout high school Phillip took pictures of individuals and events. In his senior year, Phillip was the staff photographer for his high school paper and the yearbook. Phillip took all of the pictures used in the yearbook except the individual portraits.

About this time Phillip began taking baby and child portraits and wedding pictures.

Buys Speed Graphic
Last year Phillip got the camera which he now uses exclusively. It is a Speed Graphic, which takes pictures 3 1/4 x 4 1/4 inches. It uses a fast F4.5 lens and has shutter speeds from one second up to 1/1000 second. It also has a synchronized flash attachment for taking shots under adverse lighting conditions. It is the kind used by professional press photographers throughout the country.

Phillip usually processes his own pictures, although at present he has not yet completed a darkroom where he is rooming. He has all the necessary equipment including developing tanks, time clock, darkroom safelight, and chemicals which are used in the processing of the film itself. For making the prints and enlargements from the negative, Phillip has a DeJure enlarger with a 16 by 20 inch lens, DeJure light meter, drier, ferrotype plates for the glossy prints, and a blotter roll for the flat or matte paper pictures.

Many Papers Use His Pictures
Phillip's pictures have been used in the Atchison Daily Globe, the St. Joseph Gazette, the Maryville Forum, and the Northwest Missourian. Some of the pictures used in this year's homecoming program were taken by Phillip.

Phillip is also supplementing his spending money by taking pictures at the various events on the campus, the most recent of which was

the Sadie Hawkins Dance. Thus Phillip has found in photography an interesting avocation which affords him both pleasure and profit.

Phi Sigma Hell Night Will Be Full of Terror

Night of untold misery, never to be forgotten, will be the feeling of Phi Sig pledges after Hell Night, December 16.

Phi Sigma Epsilon fraternity will hold its informal initiation of the fall pledge class immediately following the all school Christmas Ball.

Hell Night is regularly held, with the Phi Sig chapter room serving as focal point for activities, at the end of each pledge period. This night is the climax and grand finale of twelve weeks of pledging by men on the Northwest Missouri State College campus.

The future Phi Sigs: Raymond Prentiss, Mt. Airy, Iowa; Jim Montgomery, Maryville; Leonard Gercken, Atchison, Kansas; Duane Newman, Cliff Thompson, Shenandoah, Iowa; Dale Rowley, Atlantic, Iowa; Max Miller, Graham, will be among the most worn-out, downcast, and dispirited men on the campus following this night of terror.

Following Hell Night, which is eagerly awaited by actives and pledges alike, the Phi Sigs will attend church in a group at one of the local churches.

Formal initiations of the successful candidates to Phi Sigma Epsilon will be held Sunday afternoon, December 17, at the chapter room in downtown Maryville.

Tri Sigmas and Dates Dance the Turkey Trot

Even though finals were drawing night, the members and pledges of the Alpha Epsilon chapter of Sigma Sigma Sigma and their dates had an enjoyable time at the Turkey Trot given in honor of Joyce Wherill, the present chapter's oldest member. The dance was held Saturday, November 18, in Room 114. Bud Jones furnished the music. The room was cleverly decorated with animated turkeys and fall murals on the walls.

The program was under the direction of Anita Pink, who acted as mistress of ceremonies. The special numbers included a dance-baton routine by Charlene Kime, a piano solo by Marilyn Gruber, a song by Maxine De Shon, and a number by the girls' trio composed of Pat Burton, Arlene Blank, and Bonnie Polk.

College Sadies Catch Men in Official Race

At Capp's popular Sadies Hawkins' week was observed in grand style the week of November 13-17. The climatic touch came Friday with a surprise assembly in the morning, and a terrific costume dance that night.

Bryce Pulley and his orchestra supplied the music for the dancing, and at short intermissions many prizes were given to couples for various reasons. Chosen as Lil Abner and Daisy Mae were Jimmy Wright and Colleen Ammon. Ardra Corneilus and Gene Criss were given the award for being the "best dressed other couple"; Jack Turner was given a prize for having the "biggest feet"; Norma Smith was judged the sexiest female.

The "Reverend" Terry Noah, the marrying preacher, presided over the assembly and officially started a race in which twenty-one of Maryville's bachelors were caught and married to victorious maidens. Mr. Noah's official capacity was practiced again that night, and each couple was married and given sanction for the "aftermath" kiss, a practice much appreciated by the newlyweds.

Senate Action Receives President's Approval

Student Senate action was granted an enthusiastic approval by President J. W. Jones on December 1, when Student Senate President Max Kinney and Senator Herbie Awe presented a petition for the opening of the Bearcat Den in the morning.

President Kinney had delegated the task to Senator Awe in a meeting before the freshmen orientation class, November 15, in which a discussion of that possibility was a main topic. A petition was drawn up which the members of the Senate signed. Being representatives of the student body, their signatures were sufficient.

The opening of the Den during the morning hours was requested because of the congestion in the Bookstore. Although there will be no supervisor in charge, it is believed that the Den will be a suitable room for social and study life. It was opened by the Administration Tuesday, December 5.

Mary Lee Botkin is chairman for the all-important dance decorations committee.

Maryville Plays Host to Visiting Rockhurst Hawks Friday Evening

Contest Is Second Meeting of Cagers

Coach Don Peterson's New Fast Style Will Arouse Great Enthusiasm.

Bearcats Are Developing

Slow Conservative Play Last Year Overwhelmed Coach Ryan's Team 73-40 in a Runaway Game.

Kansas City's Rockhurst Hawks will wing their way up to Maryville this Friday, December 15, to encounter the Bearcats in a non-conference tussle.

Coach Ryan's Hawks, who were hosts at the Rockhurst tourney, and who were defeated in play last Saturday evening, will be instrumental in promoting Bearcats efficiency for an ensuing rugged conference engagement.

Fast Style Is Used

Maryville Coach Don Peterson has based his scoring proficiency on the winning ability of the fast style of ball. Each contest takes an integral function in the geometric progress of bettering the Green and White Bearcats.

Rockhurst Hawks have always been an easy opponent for the men from Maryville. They have also been an unpredictable foe, springing surprises which stymie Maryville's offensive attacks and staging offensive powers themselves which overpower conservative tactics.

Bearcats Lead, Then Stumble

Last year's encounter with Rockhurst is exemplary of the spasmodic power of Coach Ryan's quintet. The Bearcats exploded into a 23-9 lead within ten minutes, but then stumbled slightly as Rockhurst stung back to make a halftime record of 35-24.

But the second half was not synonymous with the last ten minutes of the first, and Rockhurst was held to only 16 points while Maryville gleefully counted up to a high total of 73 points.

Which Will Be Better?

Seventy-three points in a conservative style which Coach Milner advocated was quite an accomplishment. It is an interesting question as to whether the fast style employed by Coach Don Peterson will be more productive than the slow, easy style.

Against Nebraska University the Green and White cagers displayed a little of the greenness in playing that type of ball. Fast moving perfection is one of the most important assets in making this kind of ball playing effective, and until such experience has warranted a guarantee will it be used to its advantage.

Laurin and Nathan Play

New varsity members Jim Laurin and George Nathan certainly displayed streaks as hard-floor champions. Dick Buckridge and Kirby Lyle were once more the dependable, stable, varsity players of the Bearcat squad, while Chuck Ramsey and "Slim" Tanner supplemented the lineup.

All in all, it will be interesting to view the new Bearcats in action, to compare their previous performances with Friday night's game, and to watch the improvement with each additional game.

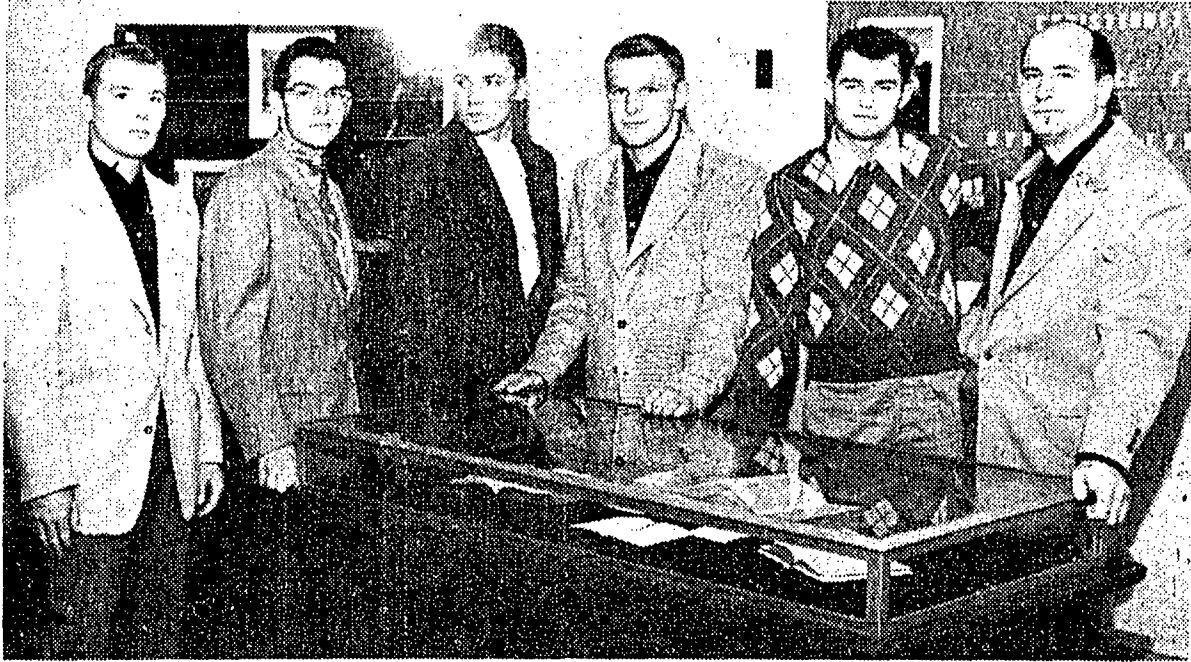

Bearcats Will Journey South to Play at Enid

Highlights of the Christmas vacation for the Maryville basketball contingent will be the Enid tournament at Enid, Oklahoma. Absent last year from the tourney, the Green and White from Maryville will take the journey December 26 for the two day affair, and attempt to maintain the fine record established two years ago.

In 1948 West Texas State beat Maryville 58-42 to take top championship honors, shoving the Bearcats into second position, a spot which was welcome to an underdog visiting Missouri team.

Coach Milner's boys had been fortunate to ebb out a 59-58 score over North Texas State, and with renewed confidence edged the host, Phillips University, 57-52.

Intramural Commission Plans Basketball Program

Intramural Commission members are responsible for the various programs throughout the winter and spring months. Following Christmas vacation, the Commission will begin the popular basketball tourney, and this spring it will offer baseball. Members are, left to right, Jack Weichman, Dean Stück, Stan Ogden, George Haws, chairman, Bill Hopper, and Coach Don Peterson.

Pittsburg Denies Bearcats Home Win

Romp Maryville and Its Faster Style; Stymie Scoring Attack.

A fatal third period scoring lapse made the difference as the Northwest Missouri State College basketball squad dropped their home opener to the Pittsburg State Teachers College Gorillas, 54-51, on the local court. It was the third straight defeat for the Bearcats.

Maryville started off fast and held a 13-11 advantage at the end of the first quarter. A nip and tuck first half saw the lead change hands eight times, and the half-time count was knotted at 29-29.

Gorillas Jump Ahead

The Gorillas jumped ahead in the third period as the Maryville five lost their offensive punch and hit for only eight points. Pittsburg picked up 18 tallies during the quarter and held a strong ten-point lead going into the final frame.

A garrison finish by the Bearcats had the crowd on its feet in the late stages of the game. Maryville sliced the Pittsburg lead to three points with one minute remaining, but the Gorillas held the local five scoreless during the last minute and walked off with the victory. Pittsburg started a delaying action with five minutes remaining and did not score again.

Buckridge a Stand Out

Dick Buckridge, a standout at guard, netted seven field goals and four free throws for 18 points and high scoring honors for the game. Jim Laurin scored 11 points before fouling out late in the third period and played a fine defensive game.

George Coulter, who started at the center position, played an outstanding game under the boards, coming down with rebound after rebound. Coulter combined two field goals and six charity tosses for a ten-point scoring total.

Clint Brown, Gorilla forward, was the big gun for Pittsburg with 14 points. Mick Huffman, six foot, six inch center, scored 11 points for Pittsburg.

Cape Indians Are First Conference Opponents

Conference play for the Bearcats will open January 5 when the "Cats invade Cape Girardeau. During the same trip they will swing over to Rolla for their next conference encounter the night of January 6.

Last season the Bearcats opened their conference season by bumping the undefeated Springfield team 40-30. The Bears, however, went on to capture the conference crown with an 8-2 record. Three straight road losses toward the end of the season caused Maryville to finish in second place with seven wins and three losses.

Twice last season the "Cats scalped the Indians from Cape, and twice they dropped the Rolla Miners. Maryville won the Cape games by virtue of 43-38 and 45-44 scores. In the Rolla engagements the Bearcats' victories came by way of 51-38 and 54-51 scores.

Big Cornhuskers Shell New Bearcats in Opener

The Northwest Missouri State College Bearcats dropped their basketball opener to a strong Nebraska squad, 61-39, in a game played at Lincoln, Nebraska, Monday night. Three Bearcats, George Nathan, George Coulter and "Slim" Tanner, left the game on fouls.

George Nathan, a transfer student from San Francisco seeing his first varsity action for the Bearcats, led the College scoring with 11 points. Jim Laurin also had 9 points for Maryville.

Big Bob Pierce, scoring 15 points sparked the way as Nebraska led only by eight points at the half. But the Huskers rolled in the second half and coasted in.

Commission Postpones Active Intramural Play Until January

Only Thirteen Teams Turn Roster In; About 100 Players in Program.

Intramural Commission chairman, George Haws, has announced that the basketball tournament will not begin until after Christmas vacation.

It will be possible, however, the commission states, to finish a double round robin and a tournament before the end of the winter quarter. Last year only one round was played although two were planned; the commission hopes to avoid this precedent.

Will Have Two Leagues

At present, since the time of the team registration deadline, December 6, thirteen teams have entered for the intramural competition. This number of teams would warrant only two leagues, but more entries are expected and will undoubtedly be accepted because of the postponement.

Plans now will divide the teams into two leagues, with each team playing its league opponents twice. Four games will be played each week-night except Friday. Two games will be played at the Horace Mann gymnasium and two at the girls' gymnasium in the Administration building; the first game begins at 4:05 p. m. and the second at 5:05.

Must Be Ready for Play

Any team which fails to be ready for play, because of either lack of fewer than five players or failing to show, will forfeit to opponent. League results are computed at the end of the year and the top four teams of each league are pitted against each other in the exciting intramural basketball tournament.

Teams and their managers at the present time are as follows: Buckeyes, Joe Scott and Johnny Zech; Wolverines, Harold Adams; Demons, Dave Winslow; Hadacol All Stars, Byron Ross; Ramblers, Max Johnson; Left Overs, Ken England; Phi Sigs, Ken England; Honkey Tonks, Jack Weichman; Herschel Martin; Sig Taus, Bill Terry; Rangers, Lu Haning; two Independents teams; and a team managed by Stan Ogden.

Maryville Wins Rockhurst Tourney

Bearcats Upset Powerful St. Benedict in Final Contest for Title.

The Northwest Missouri Bearcats wrapped up their second consecutive Rockhurst tournament title with a 53-43 victory over the St. Benedict's Ravens in Kansas City Saturday night. It was Charles Ramsey, who has done little scoring so far this season, who pulled the game out of the fire after the Ravens held the lead throughout the major portion of the contest.

The Bearcats held a small lead at the end of the low-scoring first quarter, but St. Benedict's pulled ahead to a 25-24 advantage at the halftime intermission.

Ravens Held Lead

The Ravens clung to their scanty lead until midway through the final frame when Brungardt and Dollard fouled out. From then on it was all Ramsey. Hitting with deadly accuracy, Ramsey dropped four field goals in five shots at the basket to send the Bearcats into the lead to stay. He took scoring honors for the game with 17 points on seven field goals and three charity tosses.

Bill Laurin had eight points for the Bearcats while Dick Buckridge dropped seven.

The Ravens were slight favorites in this year's tourney according to the early season team records. St. Benedict's defeated the Bearcats, 65-45, on their home court in Atchison, Kas., earlier last week.

Cats Good on Defense

Maryville played a great defensive game Saturday night, allowing the Ravens only ten field goals. However, the "Cats still have a tendency to foul too often. George Nathan, Jim Tanner and Laurin all left Saturday's game on fouls. The squad has averaged 28 personal fouls per game so far this season.

Coach Don Peterson expressed satisfaction with the over-all play of the team in the championship game.

Rockhurst won third place in the tournament with a 64-55 victory over William Jewell. The Bearcats took a close 54-53 contest from William Jewell Friday night to enter the finals.

Rockhurst Plays Here

Maryville's next game will be a home engagement with Rockhurst in the College gym here Friday night.

Random Shots

By DEAN KNODLE

Two court squad members on this season's Bearcat basketball team represent the East and the far West. From San Francisco, California, comes George Nathan, prepped at Lincoln High in the Golden Gate City.

After 24 months' Naval service he attended Colorado State of Greeley for two years, playing basketball both seasons. George is at Maryville in his junior year working toward a B. S. in education.

His major is physical education. Nathan's biggest thrill was playing A. U. ball in San Francisco under the fabulous Hank Luisetti. His "Crowning glory," George says, came when the team, the "Stewart Chevrolet," played at the National A. A. U. tournament at Denver, Colorado.

Incidentally, it netted them a fourth position in the final standings. Nathan, who plans to enter the teaching field, can be spotted wearing one of his collection of loud shirts. George stands 6' even and tips 175. His combined experience and speed will be a definite asset to this season's quintet.

Jim Laurin is a graduate of Pittsford Central High, Pittsford, New York. Jim stacked up awards in school in 4 years of basketball, soccer, baseball, and tennis. He graduated from the Rochester, New York, suburban city in 1949.

The frosh center is a physical education major and would like to teach with a B. S. in education degree. The husky 6' 3" pivot, who weighs 198 best remembers his junior year of high school ball when, in the last game of the season and time officially gone, he dropped in two charities to tie the score and then went ahead to drop in the winning bucket in the overtime to win the game and give Pittsford a League tie.

His trophy awards: sophomore year, "Most improved player" and senior year, "Greatest all-round athlete." Also in his final year he received the trophy for individual scoring in the sectional tournament, 76 points in 4 contests.

Jim, an eligible bachelor, enjoys swimming and jazz music. Jack Lasley doing a fine job as janitor at the gym. Intramurals soon to be in full swing. Walt Stanton gearing his team into shape. And at daily practice "Slim" Tanner perfecting his left-hand shot. Also George Coulter out to better his hitting percentage. Oh, yes. Take advantage of that smooth pond ice.

A game with Fort Leonard Wood, previously scheduled to be played last night had been cancelled. E. A. Davis, athletic director, announced.
